Summary

I am a Computer Science and Engineering graduate from United International University, having completed my degree on November 2, 2026, with a specialization in Software Quality Assurance (SQA). I have experience in manual testing, API validation, and UI test automation using Playwright. Skilled in requirements analysis (SRS/BRS), test documentation, defect tracking using Jira, and applying SDLC/STLC practices within Agile workflows across Windows and Linux environments.

Technical Skills

Testing & Automation: Manual Testing, Functional Testing, Unit Testing, API Testing, AI-Assisted Testing, UI Automation (Playwright), Regression Testing
Documentation & Process: Requirement Analysis (SRS, BRS), Test Case Documentation, Bug Reporting, SDLC, STLC
Tools: Postman, Jira, GitHub Actions, Git, GitHub, Microsoft Excel
Operating Systems: Linux (Kubuntu, KDE Plasma, Bash), Windows
Programming & Web: JavaScript, TypeScript, Python, C, C++, Java, HTML, CSS, React, Node.js, MySQL
Soft Skills: Leadership, Team Coordination, Problem Solving, Analytical Thinking.

Experience

Center for Development of IT Professionals (CDIP), UIU Dhaka, Bangladesh
STQA Trainee **May 2026 – Oct 2026**

- Executed comprehensive manual, functional, and API testing for web applications following SDLC/STLC in Agile.
- Developed structured API test collections using Postman and practiced UI test automation scripts using Playwright.
- Designed test cases from project requirements, documented defects using Jira, and verified bug fixes.

Projects

— SQA & Automation Projects —

OrangeHRM Playwright POM Automation Project *View Repository*
Core Tools: Playwright, TypeScript, Page Object Model (POM), GitHub Actions

- Built a Playwright-TypeScript framework using Page Object Model (POM) to automate account lifecycles and CI/CD pipelines via GitHub Actions.

CartUp Shopping Flow E2E Test Automation *View Repository*
Core Tools: Playwright, TypeScript, Page Object Model (POM), GitHub Actions

- Automated an E2E e-commerce workflow covering user login, product search, cart updates, and checkout initiation using Playwright and TypeScript.
- Integrated GitHub Actions CI/CD pipelines to run test suites across Chromium, Firefox, and WebKit with artifact reporting.

Parking Slot Booking System – Unit & Mutation Testing *View Repository*
STQA Course Project | Core Tools: Java, JUnit 5, PITest, Maven

- Implemented 34 JUnit 5 unit test cases applying BVA, EP, and mutation testing with PITest, discovering 8 critical domain logic defects.

Panda Lite – API Testing & Validation *View Repository*
STQA Course Project | Core Tools: Postman, REST API, JSON

- Performed end-to-end RESTful API validation using Postman to verify endpoints, HTTP status codes, and request/response payloads.

— Hobby & Development Projects —

FindYourPain – UIU Tentative Exam Routine Locator *Live App | View Repository*
Hobby Project | Core Tools: HTML5, CSS3, ES6 JavaScript

- Developed a responsive web application enabling students to simultaneously search and chronologically organize multiple course exam schedules.
- Implemented smart search hints, duplicate filtering, and a futuristic glassmorphism UI with interactive animations.

Pocket Manager – Progressive Web App (PWA) *Live App | View Repository*
Hobby Project | Core Tools: JavaScript, HTML, Tailwind CSS, Supabase

- Developed an expense management PWA featuring offline support, real-time budget tracking, bill splitting, and automated PDF exports.

Medisoft – Telemedicine & Healthcare Platform *View Repository*
Software Engineering Course Project | Core Tools: React, Vue, Django, MySQL

- Built a healthcare platform integrating doctor appointments, hospital bed reservations, emergency ambulance requests, and online medicine ordering.

- Implemented role-based access for patients and doctors, alongside an admin module for centralized resource monitoring.

Education

United International University — Dhaka, Bangladesh
B.Sc. in Computer Science and Engineering | Graduate: Nov 2026

Thakurgaon Govt. College
Higher Secondary Certificate (HSC) — **GPA: 5.00 / 5.00** | Passed: 2020

Thakurgaon Govt. Boys' High School
Secondary School Certificate (SSC) — **GPA: 5.00 / 5.00** | Passed: 2018

Achievements & Certifications

- **Software Testing & Quality Assurance** — Successfully completed a 32-hour certificate training program offered by the Center for Development of IT Professionals (CDIP), United International University (UIU), July 2026.

Leadership & Extracurricular

Robotics Club, UIU *(Member, 2023 – 2026)* | **Science Club** *(Senior Executive, 2019 – 2020)*

- Coordinated cross-functional team activities, managed project tasks for a 20-member team, and organized technical events.
